Effective: July 1, 2023

1. Parent will complete and submit the **Application for Regular Tuition Student Education Program** to the West Deptford Board of Education office.
2. The Assistant Superintendent will schedule an initial interview with the student's parent(s) and the student. If the student has an Individualized Education Plan (IEP), the Director of Special Education and Related Services will attend the interview to determine if West Deptford School District has appropriate programming for the student. If it is determined that space and an appropriate program are available to the student, verification of satisfactory academic performance and deportment will occur.
3. If requested, arrangements will then be made for the student and their parent(s) to tour the appropriate school and to meet with the school's principal.
4. Pending most recent/final academic grades, the Assistant Superintendent will notify the parent of admission. Core academic grades (English Language Arts, Mathematics, Science, Social Studies and World Language) must maintain a "C" or better in all courses in the marking period before admittance to West Deptford School District. For students entering in September, all final grades must be submitted from the previous year.
